

# *coming to a trail near you* **SOL FEST 2020**

We work to strengthen the connection between the Deaf community and the outdoors through: Recreation, Environmental, Education, and Career Development

**Deaf People do not have equal access to outdoor experiences.**

We invite you to sponsor Sol Fest 2020 Hike-a-Thon and commit to changing this.

These sponsorship levels below will help ensure that new opportunities are growing locally and throughout the country. We expect to reach over 150 friends and community members through this event. It is part of a nationwide effort by CorpsTHAT to support all Deaf and Hard of Hearing members and leaders in reaching their full potential in the outdoors.

### **Old Growth Level: \$500**
